## Safe Return to In-Person Instruction and Continuity of Services Plan (ARP Act)

Entity I	D CTDS	LEA NAME
4313	078634000	Step Up Schools, Inc.

How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policies, on each of the following safety recommendations established by the Centers for Disease Control and Prevention (CDC)

	Has the LEA	
CDC Safety Recommendations	Adopted a Policy?	Describe LEA Policy:
	(Y/N)	
Universal and correct wearing of masks	Y	We will follow CDC recommended guidelines
		regarding masks.
		All staff are trained in the correct use of cloth face
		coverings/masks.
Modifying facilities to allow for physical	Y	Protocols cover spacing/safe etiquette in:
distancing (e.g., use of cohorts/podding)		• classrooms;
		• hallways;
		• restrooms;
		• lunch areas
		Staff training covered all aspects of the school's
		mitigation measures.
		Painted seat markers at breakfast and lunch,
		water fountains replaced with refillable water
		bottle stations, social distancing.
Handwashing and respiratory etiquette	Y	Purchased individual handwashing stations for the
		classrooms.
		Educational posters are placed around the school
		and in the restrooms detailing the proper method
		for handwashing.
		Wherever possible, no touch soap dispensers
		have been installed. In addition, no touch hand
		sanitizer stations are located throughout the
		campus and hand sanitizer is located in every
		classroom, as well as the front office.

ARIZONA

Cleaning and maintaining healthy facilities,	Y	We have a detailed protocol for sanitizing
including improving ventilation		throughout the school day and sanitizing each night.
		Teaching staff and classroom aides are
		responsible for sanitizing their classroom,
		computers and all common areas daily.
		Custodial staff are responsible for cleaning and
		sanitizing high traffic and touch points daily.
		Deep cleaning will take place in a classroom if a
		positive COVID case is reported.
Safe Return to In-Person Instruction	n and Conti	inuity of Services Plan (ARP Act)
		Specific virus cleaning products provided by the
		county are used daily. This product is used by
		the staff in the classrooms and by the custodial
		staff.
Contact tracing in combination with isolation	Y	We are following guidelines from Maricopa
and quarantine, in collaboration with the State, local, territorial, or Tribal health		County Health.
departments		A specific protocol for reporting
		exposures/positive cases to local/state agencies
		and receiving guidance from local/state
		agencies.
		Protocol for staff and students for isolation on
		campus and isolation/quarantine at home.
Diagnostic and screening testing	Ν	
Efforts to provide vaccinations to school	Ν	Information is provided to families re: vaccine
communities		availability in our neighborhood. We held a
		vaccination clinic at the school for adults (Nov.
		22).
Appropriate accommodations for children wit	h Y	Accommodations for students with disabilities
disabilities with respect to health and safety		will be made and needs for students with
policies		disabilities will be met. We are meeting any
		needs identified on an individual case by case.
Coordination with State and local health	Y	We are complying with all CDC and County
officials		recommendations. Our school nurse is the
		liaison with local and state health officials.

How the LEA will ensure **continuity of services**, including but not limited to services to address **students' academic** needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services

How the LEA will Ensure Continuity of Services?

We have been in person schooling throughout the pandemic. Our classrooms have remained open. Students are getting full academic instruction and support five days per week.

Additional interventions are provided to help close the learning gap due to absenteeism. We have an Early Literacy Coach to help facilitate these interventions.

Students' Needs:	
Academic Needs	We have been in person schooling throughout the pandemic. Our classrooms have remained open. Students are getting full academic instruction and support five days per week.
	Additional interventions are provided to help close the learning gap due to absenteeism. We have hired an Early Literacy Coach to help facilitate these interventions.
Social, Emotional and Mental Health Needs	Daily use of our SEL curriculum Character Strong. Still continuing our parent SEL program. Social interaction among children in grades K12 is important not only for emotional wellbeing, but also for children's language, communication, social, and interpersonal skills. Some students may have experienced social isolation and increased anxiety while not physically being in school due to COVID-19. Resuming in- person instruction can support students' social and emotional wellbeing. Schools can provide a foundation for
Safe Return to In-Person Instruction a	and Continuity of Services Plan (ARP Act)
	socialization among children. When children are out of school, they may be separated from their social network and peer-to-peer social support. Schools can facilitate the social and emotional health of children through curricular lessons that develop students' skills to recognize and manage emotions, set and achieve positive goals, appreciate others' perspectives, establish and maintain positive relationships, and make responsible decisions.
Other Needs (which may include student health and food services)	We meet and discuss any student needs on an individual basis. We continue to offer our weekend food program for nutritional support. We will serve individually plated meals and students will eat outside on the tables. Seated markings have been painted on all tables so students will have adequate space when eating breakfast and lunch. Use disposable food service items (e.g., utensils, dishes). Students who rely on key services, such as school food programs, special education and related services (e.g., speech and social work services, occupational therapy), and after school programs are put at greater risk for poor health and educational outcomes when school buildings are closed and they are unable to access such school health
Staff Noods:	programs and services.
Staff Needs:	

Social, Emotional and Mental Health Needs	Daily staff check-ins and weekly meetings with staff. Implement flexible sick leave policies and practices that enable staff to stay home when they are sick, have been exposed, or caring for someone who is sick. Examine and revise policies for leave, telework, and employee compensation. Leave policies should be flexible and not punish people for taking time off, and should allow sick employees to stay home and away from co-workers. Leave policies should also account for employees who need to stay home with their children if there are school or childcare closures, or to care for sick family members. o Develop policies for return-to-school after COVID-19 illness.
Other Needs	We will meet and discuss any needs on an individual basis.

The LEA must **regularly, but** <u>no less frequently than every six months</u> (taking into consideration the timing of significant changes to CDC guidance on reopening schools), **review and, as appropriate, revise its plan** for the safe return to in-person instruction and continuity of services **through September 30, 2023** 

Date of Revision		5/31/2023	
Public Input			
Describe the process used to seek public input, and how that input was taken into account in the revision of the plan:		Surveys were sent home to families. We purchased an automated telephone message system to improve communication with parents.	

## U.S. Department of Education Interim Final Rule (IFR)

## (1) LEA Plan for Safe Return to In-Person Instruction and Continuity of Services

(a) An LEA must describe in its plan under section 2001(i)(1) of the ARP Act for the safe return to in-person instruction and continuity of services—

## Safe Return to In-Person Instruction and Continuity of Services Plan (ARP Act)

- (i) how it will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policies, on each of the following safety recommendations established by the CDC:
  - (A) Universal and correct wearing of masks.
  - (B) Modifying facilities to allow for physical distancing (*e.g.*, use of cohorts/podding) (C) Handwashing and respiratory etiquette.
  - (D) Cleaning and maintaining healthy facilities, including improving ventilation.
  - (E) Contact tracing in combination with isolation and quarantine, in collaboration with the State, local, territorial, or Tribal health departments.
  - (F) Diagnostic and screening testing.
  - (G) Efforts to provide vaccinations to school communities.
  - (H) Appropriate accommodations for children with disabilities with respect to health and safety policies.(I) Coordination with State and local health officials.
- (ii) how it will ensure continuity of services, including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.

(b)(i) During the period of the ARP ESSER award established in section Start Printed Page 212022001(a) of the ARP Act, an LEA must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services.

- (ii) In determining whether revisions are necessary, and in making any revisions, the LEA must seek public input and take such input into account
- (iii) If at the time the LEA revises its plan the CDC has updated its guidance on reopening schools, the revised plan must address the extent to which the LEA has adopted policies, and describe any such policies, for each of the updated safety recommendations.
- (c) If an LEA developed a plan prior to enactment of the ARP Act that meets the statutory requirements of section 2001(i)(1) and (2) of the ARP Act but does not address all the requirements in paragraph (a), the LEA must, pursuant to paragraph (b), revise and post its plan no later than six months after receiving its ARP ESSER funds to meet the requirements in paragraph (a).
- (d) An LEA's plan under section 2001(i)(1) of the ARP Act for the safe return to in-person instruction and continuity of services must be—
  - (i) In an understandable and uniform format;
  - (ii) To the extent practicable, written in a language that parents can understand or, if it is not practicable to provide written translations to a parent with limited English proficiency, be orally translated for such parent; an
  - (iii) Upon request by a parent who is an individual with a disability as defined by the ADA, provided in an alternative format accessible to that parent
